

## **Best Romantic Letter**

The best romantic letter is one that is simple, sweet and expresses love. It stamps the love that lovers feel, speaks the passion that one feels for his or her sweetheart and the longing to be together, if they are not at the moment. Here is a sample of the best love letter.

Sweet pie,

I love and adore you. How I long for the time I will take you in my arms and feel the comfort and warmth close to you. Whenever I lay by your side, I feel relaxed and free of all problems of this world. My heart shudders in ecstasy when you touch my face. The passion that I feel when our lips meet and the immense pleasure flowing through my spine just reminds me that without you, I cannot be. I love you so much.

With passionate affection,

Your love angel
