Subject: good bye to my best friends

Dear Roby and Tony

Many times in life, we have to face the situation of saying good bye to those we love more than anything in the world and dear friends; this is one of those times. As you know, the day of graduation is just round the corner and while you two will remain in Manchester, I would have to leave for London.

When I joined the university, I didn't expect to meet such amazing people and become friends with them for life. Your constant support and your boundless love helped me spend these 3 years which I will cherish for life. Now that college is over, we three will embark in different directions in search for our calling in life. My first stop in this journey is in London and thus I would have to take your leave. I hope we shall remain in touch and be friends for life.

Wishing good luck to both of you,

Bye bye dear friends

Your Buddy for life,

Mathew Hayden
