NSF Project Reporting Format

This document has been developed to provide Principal Investigators (PIs), co-PIs, and research organizations with:

- A listing of the questions that will be asked in the new NSF project reporting format;
- Assistance in planning for the submission of the report; and

The project reporting service on Research.gov and the associated [help documentation](#) provides more detailed instructions and contextual assistance.

Note: NSF project reports are not cumulative and should always be prepared for the specific project reporting period only.
